THE TRAIL MIX-UP

Help these kids find their healthy after-school trail-mix snack.

THE DOT GAME
Players take turns connecting dots using lines that go up and down or across. The player that completes the fourth side of a square (a box) puts his/her initial in that box. When all boxes have been initialed, the game ends and the player who has the most initials wins. Good luck!

TIC TAC TOE
The object of is to get three in a row. Players alternate placing Xs and Os on the game board until either opponent has three in a row or all nine squares are filled.
